Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant contacted Examiner regarding Office Action mailed on 1/21/03. Applicant was concerned that Examiner had not addressed all the arguments presented in the Applicant's response to the first

Office Action. In particular, that the Examiner had not addressed Applicant's argument that Moshfeghi teaches away from a newly added limitation. Examiner responded to Applicant by showing where the Examiner had responded to argument. Examiner further discussed that in order for a reference to teach away from a limitation, the reference must explicitly state that the feature cannot be incorporated.
